

Enliven your sense of adventure!

Working in **Australia**

Have you ever dreamt about spending a year working on an actual working farm in Australia, well here is your opportunity. To live and work in the Australian outback like an Aussie is an iconic adventure. An opportunity to explore awesome landscapes, work incredibly hard, spending time outdoors on a working farm with like minded people, be well compensated and come away from your experience with memories and friends which will last a lifetime!

Program overview

Our partner organization has been helping adventurous travellers for many years to experience what life is really like in rural Australia and the outback. Applicants travel to Australia to broaden their knowledge, expand current skills and gain an unforgettable cultural experience without the hassle of worrying about where you are staying or working. Our partner organization is not an employment agency but rather a cultural exchange organization where they provide assistance with a placement that is related to your current skills, education and background.

Placements on offer are anywhere between 6 to 12 months, so you can work and holiday in Australia with the support of our program and staff.

All applicants must successfully complete a post arrival orientation and afterwards make their way to your respective employer which could be a small family farm setup to one as large as a million football fields!

The program will include step by step assistance throughout the whole process from completing the necessary paperwork, interview guidance, assistance with visa application as well as assistance with flights, travel insurance, as well as an opportunity to meet other adventurous travellers at orientation. Jobs are paid and work is guaranteed for all who successfully complete the training course.

Please do not make the mistake of assuming that the great experiences that so many people speak of having had in the United States will come to you easily. You will have to work hard for them and you will have to deal with many new and potentially challenging circumstances along the way, especially at the beginning.

It won't all be easy, and there may well be some things that you may not like. Be prepared for it to be tough; that is all part of the adventure, and this is what will make it feel all the more worthwhile long after you have returned home.

If interested, what next...?

If experiencing Australia firsthand is something you would like to do then get in touch with us and we will enliven the sense of adventure within you!

The program is not a package holiday. Paying and turning up does not guarantee success here. You have to engage fully, get completely involved in everything, be energetic, hard working, willing to learn and try new things, and become good at finding ways to be useful. This will shape the way your experience develops.

Costs

Please refer to separate budget for full breakdown of costs

Spending money

All applicants need to arrive with a minimum of AU \$900 in support funds to pay for things such as food accommodation, travel and other expenses until they receive their first pay check. All applicants are also required to travel with a credit card.
